Small in size,
great in performance

PARTNER FOR LIFE

TENSMED S82

The TENSMED S82 is the ultimate choice for the professional treatment of muscle stimulation and pain relief.

With this device you can treat chronic pain, patients recovering from a traumatic condition, immobilisation, and improve posture and stabilisation of the knee joint using TENS (Transcutaneous Electrical Nerve Stimulation). TENS treatments are safe, have no side-effects and can be an excellent alternative for pain medication.

The TENSMED S82 is a 2-channel electrostimulator with a clearly legible LCD screen.

65 Programs

- 12 Sport
- 8 Fitness, Beauty & Wellness
- 16 Pain (TENS)
- 9 Prevention
- 11 Rehabilitation
- 3 Incontinence
- 6 Free programs

TENSMED S82 programs

Rehabilitation

Muscle stimulation programs are particularly indicated for the functional recovery after surgical articulation interventions and after immobilization time. Programs included for Vastus Medialis Reinforcement and Recovery after ACL Surgery, Prevention Programs, Re-Athletization and Hemiplegia.

Pain

Eliminate pain with the special pulses of the TENS currents that, stimulating your body in a soft way, enables you to recover your health, wellness and a renovated life enjoyment. Programs included for Acute and Chronic Pain, Cervical pain, Lumbago, Periarthritis, Epicondylitis, Sciatica and soft tissue injuries.

Incontinence

Specific programs for the treatment of urological disorders such as stress, urge and mixed incontinence.

TENSMED S82 programs

Sport

The TENSMED S82 is programmed in order to selectively stimulate fast and slow fibers to train different muscle qualities. Includes programs for Warm-up, Maximum strength, Endurance strength, Explosive strength, De-contracting (muscle relaxation), Capillarization and Post-competition/training Active Recovery.

Fitness, Beauty & Wellness

Body beauty is the expression of a wellness state and a form balance that we have to value and defend from the attacks of time and sedentary life. With the TENSMED S82 you can care for your body and defend its vitality and beauty using the electrostimulation beauty treatments. Ideal for Drainage, Lipolysis, Vascularization, Firming, Toning, Sculpting and Mass Building.

Prevention

Programs to reinforce main articulations (such as shoulder, knee and hip) and to prevent traumas and injuries.

ORDERING DATA

TENS MED S82

TECHNICAL SPECIFICATIONS

Numbers of channels:	2 non-independent channels
Intensity:	0-100 mA per channel
Wave form:	symmetrical biphasic pulse, 100% compensated
Constant current:	up to a resistance of 1000 ohm
Frequency:	1 – 150 Hz
Pulse width (single phase):	50-400 μ s
Total pulse width	100-800 μ s
Number of pre-set programs:	59
Numbers of personal programs:	6
Stimulation forms:	Conventional / continuous, Burst, Frequency Modulation, Pulse Width Modulation, Intermittent
Timer:	max. 100 min
Power supply:	Mains or battery
Battery:	Rechargeable battery (NI-MH / 800mAh / 4.8V)
Charger:	Input: 100-240VAC, 50-60Hz, 0,32 max. Output: 6,5V --- 200mA
Dimensions:	130x80x20 mm
Weight:	220 g
Backlit display	

This is a medical device.

It complies with all applicable medical regulations. For more details please consult the instructions for use (downloadable via www.enraf-nonius.com).
